

Are you an artist, designer or illustrator? USA Girl Scouts Overseas wants you to submit your work for our STEMinist Energy Superhero Patch design contest! This contest is a great way for USAGSO Girl Scouts to share their artistic talents.

The STEMinist patch series continues to grow with robotics, automotive, LEGO © and the Energy Superhero patch. Below are the contest details and patch requirements. We can't wait to see your designs!

Contest Details:

- Any registered girl member of USAGSO* can submit her design
- The contest will run from **1-31 May 2026**
- Girls can submit more than one design
- Designs must be the original work of the girl
- Submission form must include the Girl Scout's name, program grade level, troop number, and Overseas Committee
- The design must include the phrase "Energy Superhero"
- Patch designs are encouraged to reflect the theme of energy (for example, think about how we use energy in Girl Scouts, from campfires to selling cookies to our meetings)
- Be creative and have fun!

How to submit:

- Draw your design within a circle, square, triangle, rectangle etc. making sure to include the words listed above. We've created the template below to make this easier, so you can just print and design away!
- Submit designs via this WuFoo form: <https://usagso.wufoo.com/forms/steminist-energy-superhero-patch-design-contest>

The winning design will be selected by a committee of USAGSO staff and volunteers and will be announced on USAGSO's social media platforms in **July 2026**. The Girl Scout with the winning design will receive a special STEMinist prize!

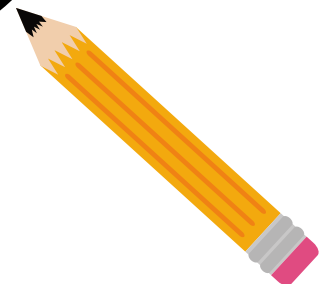

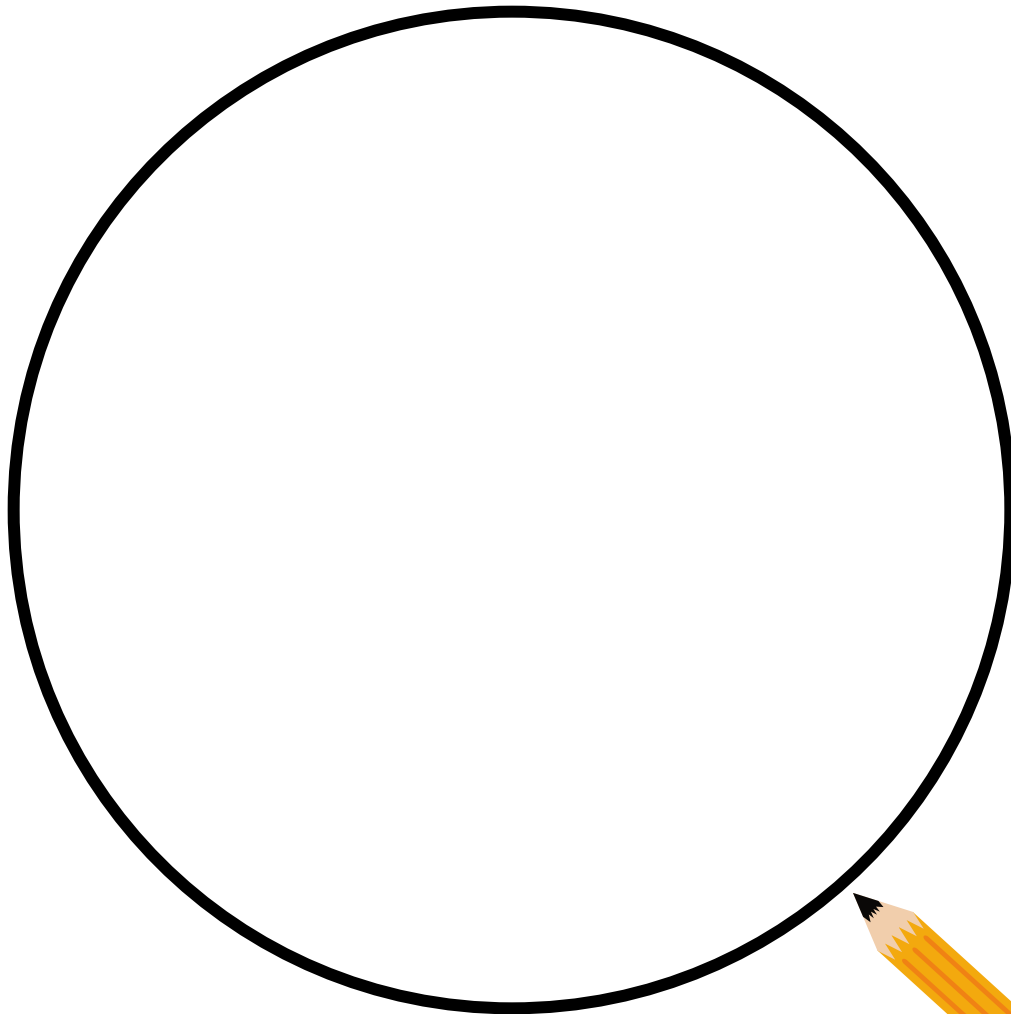

**Girl Scouts from the US who participate in the STEMinist program can also submit a design.*

STEMinist Energy Superhero Patch

Contest Submission Form
